## 8. Statement of Intent

By submitting this application form, I declare that the information contained on this form is complete and accurate information. I have read, understood and will meet the requirements to construct works and changes in and about a stream in accordance with Section 9 of the *Water Act* and Part 7 of the *Water Regulation* including, for Notifications, Terms and Conditions as specified by a Habitat Officer of the Ministry of Forests, Lands, and Natural Resource Operations.

With respect to a Notification, in accordance with Part 7 of the *Water Regulation*, Section 40(1), I declare that I have submitted my application 45 days prior to the commencement of any work by me, or anyone employed by me. I understand that I will be receiving a confirmation of receipt of the application by the Ministry of Forests, Lands and Natural Resource Operations (including confirmation of the applicable dates for the 45 day period) and that, unless I receive a response from a Habitat Officer within this 45 day notification period, I understand that I should not commence any activities until the 45 day notification period has passed. I understand that it is an offence under the *Water Act* to make changes in and about a stream without authority.

Signed: \_\_\_\_\_

Application Date: \_\_\_\_\_  
day/month/year

## 9. Submission Instructions

Send the completed form along with the following attachments to the local office in which the proposed works are located. Addresses for local offices are listed on the instruction sheet.

**Please note that if you are providing a Notification, no fees are required. However, a fee of \$130.00 is required if you are submitting an application for an Approval. The \$130.00 Approval application fee is not refundable.** Payment for the Approval fee may be made at FrontCounter BC offices with a credit card.

If the proposed works require an Approval, prior to proceeding further with this application please ensure that this project will be able to proceed under the Federal *Fisheries Act*.

**Required Attachments** for both Notifications and Approvals:

Sketch plan (mandatory)

Engineering drawing (mandatory for works requiring approval noted with <sup>E</sup>)

Key location map (mandatory)

For works requiring an Approval **only**, a cheque, money order or deposit by credit card for \$130 payable to: Minister of Finance. The fee is non-refundable. No fee is required for a Notification.

## 10. Responsibilities

You are required to comply with all applicable federal, provincial and municipal laws and regulations. If you anticipate that the planned work may result in harmful alteration, disruption or destruction of fish habitat you should send a copy of your completed Notification/Approval Application directly to the nearest office of Fisheries and Oceans Canada. Review and comment by DFO may necessitate changes to the proposed works.

Has a copy of this notification/approval application been sent to Fisheries and Oceans Canada (check one)?

YES  NO

If YES, indicate the DFO office that the notification/approval application has been sent (for DFO offices, see Users' Guide):

## **Instructions and Guidelines For Completing the Approval Application and Notification Form**

**Please fill in all sections of the form.**

*Incomplete forms do not constitute notification and will not be accepted.*

*Applications must be submitted to the appropriate office prior to commencement of any work, and must accommodate local fish timing windows.*

**After reading “A Users Guide to Working In and Around Water” and Part 7 of the Water Regulation (Sections 36 to 44) indicate at the top of the form whether you are submitting an application for an Approval or making Notification – by checking one of the boxes,**

### **1. Applicant Information**

Enter your name, mailing address, telephone number, and e-mail address.

### **2. Location of Works**

- Identify the street address of works and the name and location of the stream/lake on which you intend to carry out the proposed works. If works occur on more than one property all properties must be identified.
- Indicate what stream, river or lake the stream flows into.
- Specify where on the stream/lake the works are to take place. Be as specific as possible (e.g. provide the distance from road crossing or confluence with another stream) and reference landmarks were available.
- Indicate the latitude, longitude and elevation of the site.
- Indicate the location of works if different from your mailing address.
- Enter a complete legal description of the property on which the works are to be carried out (e.g. Lot 1 of Section 31, Township 20, Range 2, Coast District, Plan 18411). This information is listed on your annual assessment or land tax notice, or you may obtain it by requesting a copy of your Certificate of Title from the appropriate Land Title Office.

### **3. Drawing, Plan and Site Map**

Attach a drawing or map, which clearly shows:

- The total amount of disturbance (m<sup>2</sup>), including multiple sites if applicable
- A key map showing the general location of the proposed work site
- The lot boundaries of where the works are to take place
- The exact location of proposed works
- The stream and direction of flow
- The location of house/buildings/other works
- The approximate scale (e.g. 1 cm = 10 m)

A copy of part of a cadastral or topographic map or legal plan, at a reasonable scale, may be used for the drawing, including photographs of the site is beneficial.

### **4. Proposed Timing for Work**

Indicate proposed start and finish date of the works (day/month/year).

For instream work window times for your area, check

Work or Timing Windows (Terms and Conditions) by Region

- [West Coast Region](#)
- [Lower Mainland](#)
- [Thompson](#)
- [Okanagan](#)
- [Kootenay](#)
- [Cariboo](#)
- [Skeena](#)
- [Omineca](#)
- [Peace](#)

### Type of Works

Identify the nature of the works by checking one of the boxes. Also, note the dimensions of the works and list length, width and diameter where appropriate.

Provide a detailed description of the work to be performed and specify the maximum total area expected to be disturbed by the proposed works.

**Only the types of works described under Section 44(1) in Part 7 of the Water Regulation may proceed by notification and without an approval under the *Water Act*.**

Note that the following items do not require notification or approval, but must be carried out in accordance with the regulation:

- Installation or cleaning of drain tile outlets
- Repair/maintenance of superstructure of bridge
- Installation/repair/maintenance/removal of fences

### 5. Land Ownership

- If you own the land on which the works are to be carried out, check the first box and go to section 7 of the form.
- If you are not the owner of the land, indicate whether the land is privately owned or owned by the Crown.
- For all private lands, you must have the landowner's written approval. The application form must contain the landowner's address, telephone number and postal code. Do not attach the landowner's written approval with the application, but keep it in your files as you may be asked to produce it during an inspection or audit.
- If you have Tenure or License on Crown Land, please include the Tenure or License number on your application.

### 6. Who is Doing the Work?

If you are not carrying out the work, indicate contractor/company's name, professional affiliation, mailing address, postal code and telephone numbers. If a different company is designing and supervising the work, please include this information as well.

**It is the applicants responsibility to ensure that any contractor working on your behalf reads and understands the Approval, "A Users' Guide to Working In and Around Water"; Part 7 of Water Regulation (Sec. 36 - and/or terms and conditions specified by a Habitat Officer under Section 42 and/or recommended by your Qualified Professional as related to the protection of habitat).**

## 7. Statement of Intent

Make sure each section of the form is filled out and that the information is accurate and complete. Please sign and date the form, after you have read and understood the conditions, and ensured that your project meets all requirements and will comply with Section 9 of the *Water Act* or Part 7 of the Water Regulation (including, for Notifications, Terms and Conditions specified by the Habitat Officer)

## 8. Submission Instructions

**When your form is complete**, send it, along with the appropriate attachments to the offices located in section 11. FrontCounter BC will accept your application and forward your proposal to the office. Typically, Approval applications will be adjudicated by a Water Stewardship Officer while Notifications will be reviewed by a Habitat Officer.

### NOTIFICATIONS

You must submit a notification form **prior to** starting proposed changes in and about a stream. Terms and/or conditions related to the protection of habitat may also be specified by a Habitat Officer.

It is the applicant's responsibility to ensure that all sections of the notification form are complete. Submission of an incomplete form **does not** constitute notification. Notifications will be used to plan and carry out on-site inspections and monitoring during and after the changes in and about a stream.

## 9. Responsibilities

**You are required to comply with all applicable federal, provincial and municipal laws and regulations.**

The federal *Fisheries Act* states "no person shall carry on any work or undertaking that results in harmful alteration, disruption or destruction of fish habitat" and "no person shall deposit or permit the deposit of a deleterious substance of any type in water frequented by fish". Failure to show due diligence in the protection of fish and fish habitat could result in violations of the *Fisheries Act*.

If installing a culvert, you must use the Forest Practices Code: Fish Stream Crossing Guidebook must contact Fisheries and Oceans Canada. Many instream works also require approval under the federal *Navigable Waters Protection Act*.

Also, it is strongly recommended that "Standards and Best Practices for Instream Works" be used, where applicable, when working in and around streams.

## 10. Where to Submit my Application, Office Locations

**Water Approvals and Notifications** to must be submitted the FrontCounter BC office within the MFLNRO Region in which the proposed change will be made
